

TOPICAL INDEX OF CONTEMPORARY MUSIC

The following is a list of songs that relate to or address a specific *topic* or *issue* usually from a Christian perspective (apart from some of those that are in **bold** – denoting an artist or band which records on a mainstream/secular record label). This is a helpful list for anyone looking for a song that addresses a specific issue. It will be especially helpful for radio announcers and youth leaders. Please email Frank Rasenberger frank.rasenberger@lca.org.au if you want to know the musical style/genre of a particular song. Feel free to email him if you know of another song (and the particular CD it is from) that addresses a particular issue or if you would like to suggest a song from another topic that has not been listed. Frank gratefully acknowledges the assistance of Australian contemporary Christian music journalist/promoter Wes Jay www.woodlandsmedia.com & Mark Allan Powell (author of the ‘Encyclopedia of Contemporary Christian Music’ [Hendrickson Publishers, c. 2002]).
